In the movie "Harry Potter and the Deathly Hallows, Part 2", Voldemort was seen with his (Tom Riddle's) old body (as a human) after he got his body back. He was observed shouting in anger after he got Harry's wand (Harry Potter and the Deathly Hallows, Part 2). My question is this - why did Voldemort have trouble controlling his emotions while he was with his old body? It was even seen in the Quiddich Match, when he was with his old body, when he loses his temper, and when he curses the crowd - it's like Voldemort was still a part of him. How could he control his emotions while his
