Man, how have we gotten so dependent on our fingers? what happened to the days of a pen and a notebook? yuck! but hey, the iphone is a fairly cool device. really, it is. but i hope to take away something with my own thoughts regarding iphone apps and all the cool things. this is, after all, a blog about droidware. however, i have yet to actually get around to downloading any apps. perhaps, this will change... well, at least i will try..... 3e33713323
