main cast of a certain series might have just been solved thanks to a listing in the fifth volume of a guide book to voice actors in Japan. Viz Media's anime distributor Viz Media announced last year that it would be re-releasing the long-running *Itazura na Kiss* series in Japan in 2017. Series creator Akio Sugino named the new cast, as well as the originals from his first five installments: Riki Takeuchi (Hasegawa Tōru) Maiko Iuchi (Hishida Ayumi) Yuko Miyamura (Goto Asako) Yūko Miyamura (Komatsu Midori) Saki Hiwata (Motomiya Misa) Despite their vocal similarities, none of the five main actresses in the series have ever been officially identified. Many fans assumed that the voice of the middle-aged woman featured in the first few episodes was Hiwata, since she often portrayed a certain character type. Enter the book volume 5 of the "Honzuki Zukan" guide book, a listing for Yūko Miyamura. She is featured in three of the first five installments of the series, plus she also stars in the fourth installment "Yuuki-chan no Kuroki." (The latter is her last appearance
