## **What's new in DOA6 Character: Mai Shiranui:**

---

**A character that despises everyone in this game, She orders all of them to wear clothes or be killed. She often calls herself "the Devil of DanganRonpa" since she went through the process in the real life that the others went through. She is so scary that she states she would "rape Akane with a prosthetic silicone penis." She is also very violent. This is mainly shown in the second chapter where she uses a chain to murder people. Not to mention that she has Zombified four of the seven girls before they are eventually rescued by the other three. "Of course, there's the third boy who encountered it, so it sounds more likely that they're one of those four." That's right. The third boy is Nijigahara Ginka, which you've met before in another occasion. "In that case, we'll put up with you being bad at cooking, but we can't give in to your stupid whims like this." Well, we knew it...I'm sorry for disappointing you. Join who you want to, but leave that critical spirit to me. Wait, you mean...? I'll let you all stew in that embarrassment for a while.
