Interesting stuff, especially considering how some people live. When reading the information, it was so simple to think back to myself and how I lived during the ages of Christianity that I thought. Why did God create us in the first place? He did it with the intent for us to live and obey His every command and law. The most basic human need is obviously food and water, and to fulfill this basic need we needed the Creation of God. The Creation of the Universe was provided with the plan for the creation of man and woman so the mother and father could procreate. Man and woman, with the same capacity as God to create, now had their basic need for food and water satisfied. "Knowing that God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life. For God sent not his Son into the world to condemn the world, but that the world through him might be saved." - John 3:16 "And God saw the world was in the mess it was in, and would not stop things from going back the way they were, he decided to put his son in the world to put things in motion and a way of getting these things back on track. He did not want things to remain as they were, as people had planned for so long. He has a plan, to restore all things according to the purpose for which they were created. It may be very difficult to understand, and you may not completely understand the whole thing because it is written in a language we are not

October 24, 1928. Clifford E. Barton, of Jamestown, N. Y., for bankrupt. F. B. Carpenter, of Jamestown, N. Y., for claimant. KNIGHT, District Judge. This is a proceeding against the bankrupt to set aside a mortgage which he claimed a homestead exemption under article 10 of the New York Constitution. It is alleged that the mortgage was made on the 11th day of July, 1927; that the premises thus mortgaged were "homestead and dwelling house", etc.; that the said mortgage was duly authorized and ratified; that the mortgagee was also the owner of the mortgaged premises, and thereafter the premises were converted into a dwelling house; that it was not until the latter part of December, 1927, that the bankrupt was required to remove from the premises, and that he vacated on January 3, 1928. The claimant challenges this averment as to the bankrupt's residence upon the ground that the premises were not occupied and used as a home by the bankrupt as early as the 11th of July, 1927. *271 In the answer of the bankrupt this fact is fully set forth, with the averment that he has been "required by law" to remove to a new residence, which removal has not been completed at the time of bankruptcy. It is admitted that the bankrupt was "residing" in the old homestead premises on the 11th day of July, 1927; that he was adjudicated a bankrupt on August 5th of the same year; that the mortgagee was also adjudicated bankrupt November 7th, 1927; and that both the bankrupt and mortgagee have been adjudicated bankrupt upon this petition and answer for the purpose of transferring title to the mortgaged premises to the trustee, because at that time the homestead was no longer a residence of the bankrupt. The court has examined the state and federal constitutional exemptions as set forth in 0cc13bf012
