The Demon-Possessed Warrior is a 3.5 edition D&D campaign setting forked from the SpellQuest rules. This release contains, among other things, over 30 unique monsters, spells, and magic items. New features include greater use of interaction and plot, and a number of plot hooks. Instructions: • This is a book with a very simple install and activation. • There are two PDFs: all documents in the download bundle, and only the Spell Quest files in the Spell Quest folder. • To launch DASM, you

need to have the D&D PDF reader open in another window. Once you have the PDF reader open, you can click the link to the "Spell Quest folder." You'll then be able to double-click the DASM.exe (only) file in the zip file to launch the game. • Alternatively, if you can get the data onto a CD, you can copy the entire folder to your PC, and launch it with the CD. • • In-game, you need your Windows/Mac/Linux command line (DOS prompt, PowerShell, etc) to be open for the game to start. This may not work without an IDE (such as Powerbuilder, or Visual Studio) running, in a window that is focused and has focus. Style and tone: This is a 1st or 2nd Edition D&D style game. DASM offers a very clean user interface for ease of use, and a complex backend. Controls and playability: DASM is a really casual/passion-play style game. This means that the structure of the game focuses on strong, coherent plots and complex mechanics. This also means that you can very easily get into a game, or leave it at any time. You can use regular character sheets, and the basic rule set is written in a way that will be easy to grasp. If you don't feel like fumbling around the interface, you can take advantage of the interact system to just jump into the action. DASM contains a lot of plot hooks, so there are a lot of places to jump into the game and take action right away. That said, there is no going back, so be careful, or you will be having trouble pulling anything out of the game. Is this your first time playing? You might find DASM easy enough, or that it is overwhelming, and c9d1549cdd
