**Teases the World with Another TATTOO**  
While many started to celebrate his recent birthdays, AmazingMandy's tattoos are making the headlines. It all started on Thursday, October 1st. After posting a photo of his blue tattoo and message on Instagram, he revealed a few more tattoos. The blue tattoo on Mandy's left shoulder is an image of the word 'fuck'. In the same picture, he also revealed a black 's-U-C-K' tattoo on his shoulder as well as a three white skulls tattoo on his upper right arm. The 's-U-C-K' is white and is actually a R.I.P. sign representing the three families that died after daughter Sasha Garner and boyfriend Derek Fisher had their lungs ripped open by Mandy. The three f-U-C-K turtles are doing the rounds in print and on internet. Mandy didn't reveal the entire story behind the inkings, but he did share that he got the 'fuck' tattoo when he was around 15 years old. He didn't say anything about getting the tattoo or messages behind it. The 's-U-C-K' tattoo stands for 'So Uncool K'etrik' and is also a network of high school friends who tragically died after struggling against drugs. According to posts on his Instagram, Mandy is on the road in Japan, where he's taking advantage of excellent opportunities. This isn't the first time this has happened. He's traveled

**the world to work on projects and help others. This tattooing was no exception. During his posting, he also added a picture of the...f-U-C-K tat and explains that every tattoo has a story behind it. In a post a few days later, Mandy revealed another tattoo, time-stamped as March 24th, 2016. Upon seeing the thumbnail on his post, “s-U-C-K” was still in the middle of the wheel. He posted a link to a URL on his Facebook, where he clarified that the wheel is actually the world symbol that links together Mandy’s three families. For Mandy, tattoos are more than just a form of self-expression but also a way to represent his family. The tattoo has three families represented,**
