Chris and Asura touched weapons in hand and struck again. Chris: "Pretty cool!" "Yeah, it is." Asura: "Chris, Asura!" "Hmm?" "Give me your Silt Sickle." Asura picked up the Silt Sickle, he held it in his hand, he looked down at it a bit. Asura: "Oh, the cleverest weapon? You said you were going to pick one of three weapons, yes? This is the third, right?" Chris nodded. Asura took out a piece of paper from his pocket. Asura: "I made a poll, and I found that, this is the most popular. Other two are, I guess, not very useful for the final boss." Chris: "Probably not." Chris looked down at Asura's paper, he held out his hand to read the poll. Chris: "Silt Sickle, best weapon?" Asura: "Yes. Best. Of. Course. It's.." Chris: "Leave it to me, swordsman..." The voice, Asura could not ignore it, "The one who wields wisdom, Chris, I am honored that your vote is the Silt Sickle." Features Key:

Set in a Fantasy World The world of Tarnished is set in a fantasy land in which a powerful sword and magic reign.

Using clever dialogues and adding deeper meaning to the action adventure of the world of Tarnished, the story unfolds in a unique fantasy world all its own.

The main character's memories of his past are also all at play.

Transforming deep into another world full of atmosphere, the soul will be piqued by the story the world has to offer.

Authentic Dialogue In addition to musical sound effects and battles filled with excitement, the deeply scripted dialogue plays a huge role in the drama. You can experience the emotions of the characters from the world of Tarnished, and finely imagine what is going on inside their hearts.

12 Character Classes Without depriving you from equipping all over the enemy, we've brought back the classic class system and added new class types such as "Sneak Attacker". Even if you choose a specialized class, your style of play will become more spontaneous as you deviate from the specializations of other class types.

In addition, it is possible to create your own class type.

With a variety of playstyles to suit your preferences, there are no rules against you choosing what you want to do, so choose freely.

The variety of class types effectively determines the power of your class, however you should be careful to prevent fighting without thinking.

Battle System 6.0 Dice are removed from the battle system. We've made the battle system faster and more intuitive, and our battle system, "Maine" is now implemented. We've increased the number of monsters and added greater variety to the battles than in the past. The pursuit mode is more vivid.

We've also introduced a new battle style, "Brawling", which is a significant shift from previous quests.

The song was the Turkish entry to Eurovision in 2014 and was performed by him and Emre Arda. It reached number one in Turkey and is his second most successful song after the 2003 hit Giyen. He has also released three albums including the latest, Etme Durdurma. Earlier this week, Tarkan posted on Instagram what appeared to be a gun next to a picture of himself smiling and surrounded by two girls. He wrote: "This is a gun for sale, price for 30 million [Turkish Lira] it is 3 years old. You can buy it, you can find it, enjoy it and forget it. "From this day and onwards i don't want to see it." A new store was built in a space in Praça Tiradentes, Sorocaba in 2000. The original tycoon, Bernardo Oliveira, stayed at the top of the corporate ladder until 2006, with Rodrigo Papini as CEO.
