in this article, we take a look at the top 10 games of 2016. in any year, there will always be some games that just leap off the screen and are almost impossible to put down. but in 2016, these ten games really stand out. trace the path of the terminator: salvation trailer, which featured on youtube.com and trunk.com. 3 of the 12 minutes or so that make up the trailer are fast forwarding through the footage and we were able to recapture what is missing. the following articles do not exist but are missing stubs: the following articles do not exist but are missing stubs. you can help bioware wiki by expanding them. you can help the wiki by fixing them if it needs it. the main storyline is

more or less the same, with a few added points of interest. of particular note is the addition of a couple of new areas to visit, a lot of new enemies to fight, and some new collectibles. but the most notable new addition is the exo zombies co-op experience, which was originally implemented in a free companion map in ascendance. and if you're playing that map, you may already know what to expect. there are a few new abilities too, mostly concerning the exo grapple and its ohm werewolf custom variant, and a few new weapons and perks to obtain. but the rest of the game remains unchanged. you'll still find eight cod:aw multiplayer maps to play on, and you'll still be able to play in ai or human co-op as a pilot or a sentinel. in this guide, we'll be focusing primarily on the new

exo zombies co-op experience, so read
