By current date, for your support, I created an installer to QuickReport Professional 5 and when I test this installer on Delphi XE2 the Form Creator and the QuickReport Events and the Timesheet/etc... don't work. You need to upgrade your Delphi/BCB installer to XE2, otherwise you will have the same problem. Sorry.

basis of detection of the sample text containing several graphic formats: JPEG, GIF, PNG, BMP, TIF, TGA. The new free software is compared to Microsoft Windows Vista in order to check the version in the test environment. As a result of the comparison, we found out the following

situations: If the latest version of the operating system is correct and the QuickReport software fails, then the problem is most likely associated with a previous installation of the operating system. Apart from that, . 5ec8ef588b
