Gear up with one of the most iconic Ghost looks with this Ghost Operator bundle. Bring the intense look and feel of UDT Ghost from the heart-pounding Call of Duty: Modern Warfare 2 campaign mission The Only Easy Day Was Yesterday into Modern Warfare including the free to play version, Call of Duty: Warzone*. Call of Duty 4: Modern Warfare is one of the most critically acclaimed first-person shooters of all time. The game centers on two brothers, John and Alan Mason, who become activated to save the world from an attack by a group of hijackers, bent on creating a weapon of mass destruction using a reclaimed Soviet aircraft carrier. Working with the US Marines, the brothers must find the rest of the pieces and stop the dirty work of the rogue group. The high-powered rifles, shotguns, and pistols in Call of Duty: Modern Warfare are great at killing foes on the ground and can also help you in taking down large hordes of enemies quickly. But the most powerful weapon of all is the exploding Tomahawk Missile. Armed with a powerful launcher and a liquid propellant that allows it to be fired from a helicopter, the Tomahawk missile can destroy a tank or any vehicle in a single hit. This makes it the ultimate weapon for any enemy force you might encounter. Call of Duty: Black Ops 2 was developed by Treyarch, and published by Activision. Developed on the latest version of the World Wide Technology GameTech's new game engine, Call of Duty: Black Ops 2 features three unique environments with two distinct maps each. Black Ops 2 introduces cooperative gameplay in which two players can take on computer-controlled enemies together in the new Warzone mode, a thrilling gameplay experience created to bring the intensities of Multiplayer closer to the action found in the single player mode. The story focuses on an elite team of Special Ops operatives known as "The Black Ops 2 Declassified Initiative," and their struggle to remain anonymous in a modern-day world of pervasive surveillance. Based upon the novel by RobertSilverberg .
