football manager is a video game series developed by sports interactive and published by sports interactive media limited (siml). the series has been available since 1992 for the amiga, amstrad cpc, apple ii/gs, atari st, commodore 64, dos, game boy, game gear, zx spectrum, neo-geo, sega mega drive/genesis, sega 32x, sega saturn, sega 32x, sony playstation, sony playstation 2, sony playstation 3, and sony playstation portable. originally, football manager was a single-player game where the player was tasked with managing the affairs of one of several teams in the football league, or a similar organization.

football manager is now a series of games where the player is given a fictitious team with which they must compete in various football matches. the player's decisions are reflected in the team's performance, with the game ending when the player wins the league, or when a team is relegated from the english football league system. in football manager versions since 2013, the managers' decisions are displayed in a graphical user interface and are represented by a "manager profile".
