... VSCORE 15 It scanned the RAR file, I don't use rar files anyway ... VSE 8.8 than what the article says, 8.7i. But I had no problem with it. I have this computer over the network, but I have a "scan" on the screen. Anyway, I don't get it on my computer that I'm joining. I click "scan" and it just won't work. You have access to the files, but when you want to click something, it does ... What's the difference between doing that? You can see that there are several others that I've seen, like I can't even open a folder or click "open".
