Folders, folders, folders. Lots of them, so many. Some great icons, some ugly. Some ugly looking folders. I found this folder. For some reason it was marked as a favorite, so I decided to finally make it look as good as it could be. Not that I think it is ugly, but if you don't like it you can of course remove the theme. This is another folder that I like a lot. I thought it would be nice if the name of the folder was displayed in some kind of text as it is possible in Windows 7. Well I don't know what to call this, so I just

The Tomorrow People is the third science fiction-themed television show in the United States after the cult-classic The Six Million Dollar Man and The Bionic Woman. The Tomorrow People is set in 2017 in the Mid-Atlantic region of the United States where a secret organization monitors and attempts to eradicate those that have psychic abilities, despite the fact that the majority of the world's population has latent psychic abilities. Because of its portrayal of this subject matter, The Tomorrow People received considerable attention. The show is based on a short story called The Brotherhood of the Bomb by Eric Kotani, the author of the 2005 novel The Tomorrow Land, which was the basis of the show. The...
